Your Personal Commute Planner

RideGuide

Charlie Commuter
ABC Company (157801)

Looking for a faster, easier, less stressful commute? It's all here in this RideGuide. Created just for you. Based on where you live, where you're going, and your schedule, your RideGuide offers information on carpooling, vanpooling, bus, rail and more. Take a look! Then choose the ridesharing option that works for you.

RIDE-SHARING CAN BENEFIT YOU

Commuters who choose to share a ride benefit in a number of ways. When you ride-share, you reduce your gasoline and maintenance costs, experience less stress and save time traveling to and from work.

Your benefits will begin just as soon as you leave the driving to someone else.

You may also qualify for regional benefits offered by Riverside County Transportation Commission

- Advantage Rideshare - new ridesharers may earn $2 per day for three months!
- Club Ride - offers a merchant discount card and a newsletter for long-term ridesharers.
- Vanpool - Form a new vanpool and earn $1800 to help buy down the first year cost of leasing a van.

Call 1-866-Rideshare for more information.

If you're already sharing a ride, congratulations! If not, you can save time and money by ridesharing. Even once a week helps! Here are some choices available to you:

TAKE A BUS OR RIDE METROLINK

For western Riverside County bus route, fare and schedule information, call Riverside Transit Agency at 1-800-800-7821.

Metrolink provides commuter rail service between the Inland Empire and Los Angeles & Orange Counties. Call 1-800-371-LINK for more information.

USE A PARK & RIDE LOT

Many people who ride-share prefer to meet at a central location. Leave your car at one of the regional lots listed on the reverse side and transfer to a carpool or vanpool.

START A CARPOOL OR JOIN A VANPOOL

It's easy! Call any or all of the people who are identified on your RideGuide carpool list and ask if they would like to start sharing a ride. If a vanpool serves your commute, the contact information will be noted. Arrangements to meet with them to iron out any details. Here are some suggestions on what you should cover:

- Who drives and when.
- Arrangements for pick-ups and drop-offs.
- What you should do on days when you can't pool, especially if it's your turn to drive.
- What you should do if you have to work late, or must go home during the day because of an emergency.
- How long the pool will wait if someone is late.
- What sort of music will be allowed, if any? Will smoking be allowed?
- Costs, if any, and how payments will be made.
- Any other questions or concerns you may have.

Always use your best judgment when setting up a carpool or joining a vanpool. For a carpool, it's a good idea to establish a probation period. That way, if you aren't comfortable, you can easily bow out and find another partner.

CALL THESE INTERESTED COMMUTERS
